

**RICKINGHALL AND BOTESDALE GOOD NEIGHBOUR SCHEME
COMMUNITY TRANSPORT 2020**

Yet another successful year for your community bus. The ever-increasing demand, now exceeding four thousand people journeys per year, clearly ensures the income from fares adequately covers the day to day running costs. With respect to vehicle replacement, with the funds ringfenced by four parish councils, plus voluntary donations, we are on track to consider a new bus probably in 2021.

Thank you from me to the dedicated support from our five voluntary drivers and thank you from all who use the bus for ensuring that the future of this much-needed service is maintained.

Gordon Lawrence (Community Bus Coordinator)
